# Perth's leading studio **Grow** your career

## Welcome to the Revolution

Thank you for considering Revolution Pilates Studio as a place to practice as a professional in the growing field of the Pilates Method, GYROTONIC EXPANSION SYSTEM® and Movement Therapy.

We pride ourselves on our reputation as Perth's premier Pilates and GYROTONIC® movement studio, and instructor training facility. In addition to a pleasant, professional and relaxed working environment, we offer the unique opportunity to develop your teaching skills to its highest level.

### A Place to Grow

At Revolution, your experience and unique approach to teaching Pilates is respected and encouraged. Our clients appreciate the differing approaches brought to them, and our studio has grown to encompass this rich variety of experience.

We also offer you opportunities to expand your current work, by challenging you with our own unique approaches, including our focus on the rehabilitative uses of our work.

Our personal philosophy does not see our work as 'exercise' or 'fitness' except in the broadest sense. Rather, we consider what we do as teaching a personal appreciation of Movement and the enjoyment that comes from that personal journey.

As an Instructor Training Facility, there are opportunities to become certified in a number of modalities. We are WA's oldest Pilates Instructor Course, and the only one meeting the APMA's Educational requirements for Level 1 Membership. We brought the GYROTONIC EXPANSION SYSTEM® and GYROKINESIS® ("Yoga for Dancers") to the West Coast in 2001 and are the only studio in the state certified to teach both of these exciting methods, as well as pre-train instructor candidates.

### Our Strength

We have developed a reputation in the community for providing affordable, quality Pilates and yoga instruction to the public and corporate sectors. Our medical referral network includes osteopaths, chiropractors, massage therapists, Feldenkreis practitioners, other Pilates studios, physiotherapists, doctors and surgeons, to name a few.

Revolution is the combined experience of a staff of in-house instructors who are the best trained in our industry. Our instructors have a minimum of 750 hours of course work, teaching experience and on-going professional experience. We also require our instructors to carry appropriate Professional Indemnity/Public Liability insurance, as well as current Senior First Aid & CPR certification.

# Variety of Services

We offer one of the most complete schedules of services in our industry:

- Supervised Studio (equipment) Sessions
- Private Fitness or Rehabilitation instruction
- Regular Pilates and GYROKINESIS® Floor Classes- Kept small (maximum 12) so that participants get the most from them.
